THE NIGHT SKY

Stellarium is a free open-source planetarium application for personal computers. A web-based version at <https://stellarium-web.org> now lets you see and identify objects in the night sky from your web browser.

20 Years of Service

In conjunction with the annual general meeting in our 20th year, the continuous service of three of our foundation members who are still actively involved with Club activities was recognised with special thankyou presentations.

Elsie Elliott has been a regular contributor to the Technical Group and computer maintenance team

THE CLUB

2

The Hurstville Seniors Computer Club was formed in April 1998 to teach Seniors how to use computers. Clubrooms are in premises provided by the Georges River Council in the Hurstville Seniors Centre. Tuition is held during week-days in an informal atmosphere - cost being a minimum. We are an entirely voluntary organisation, the aim being to help fellow Seniors.
